Cliff,

Thank you Cliff. We will look forward to the final, final draft and the public comment period.

Bob

Subject: RE: Wallace Yard and Spur Lines

Gail, Bob, Craig:

Thank you (and your clients and consultants) for the timely revision and submission of the latest draft of the Wallace Yard EE/CA. After spending some time reviewing it, I believe the required substance is now all there. However, at the very least, I have noted a number of necessary editorial fixes, and I expect Ed will have some too. As such, I believe that we (EPA) will be producing a final, FINAL draft of the EE/CA for public comment, hopefully in short order and without any surprises for your clients.

After today, I'll be out of the office until next Weds (Aug. 1), so we can talk again late week if desired.

Regards,

Cliff Villa
Assistant Regional Counsel
U.S. EPA Region 10
